

Product Name:

Master Amino Complex

What is Master Amino Complex?

A pre-digested 100% vegetarian protein that has been featured extensively in the Physician's Desk Reference and is a non-soy, totally assimilable protein source with no binders, fillers, or excipients. The ultimate protein, MAC is our name for the patented, clinically proven "Master Amino Acid Pattern" (MAAP) created by Dr. Luca Moretti.

Ingredients:

Patented proprietary blend of non-soy legumes, 5,000 mg:

- | | |
|--------------|-----------------|
| L-Leucine | L-Valine |
| L-Isoleucine | L-Phenylalanine |
| L-Threonine | L-Methionine |
| L-Tryptophan | L-Lysine |

Potential Benefits:

Use Master Amino Complex together with a balanced diet to:

- Aid in normalizing protein synthesis
- Assistance with the stabilization or recovery of muscle strength, endurance and volume
- Help keeping body tissues firm
- Minimization of body fat

Master Aminos may also be helpful

- For weight loss.
- For children and adults suffering from ADD.
- For overall improvement in one's quality of life

Suggested Dosage:

Take 5 tablets daily. As an exercise aid take 5 - 10 tablets 30 minutes prior to exercise.

For best results- take 2 hours BEFORE, or at least 3 hours AFTER, taking other protein/amino acids sources (such as, meat, eggs, dairy, jello, beans, bananas, lentils, nuts, grains, breads, cereals, oatmeal, soy products, etc.

May take with vegetables and fruit (except for bananas)- or without food (either in the morning upon rising or before going to bed).

Why we offer it:

Most people get too much or too little protein; for vegans, vegetarians, and elite athletes alike, it is important to know that our bodies can only metabolize about two ounces of complete quality protein per day. The remainder becomes a burden on our bodies and contributes to ammonia acid toxicity, which actually makes our bodies weaker! The Master Amino Complex[™] was built to accomplish 99% net nitrogen utilization, meaning that it is as potent as any protein ever created and there is no burden on your kidneys or liver like other proteins! It is very safe and effective. Used by over 200 world champions, many weight loss and anti-aging centers all over the world, and anyone else who is looking for clinically proven results.

Interesting Facts:

- Master Amino Complex is PREDIGESTED protein and it is 400% to 500% more nutritionally effective than isolates from whey casein and safer than soy. "Pre-digested" means MAP does not enter the intestines and is absorbed into the lymph system; thus, MAP produces no fecal residue. Because it is pre-digested, it is available to the body within 23 minutes of ingestion.
- Master Amino Complex has 99% NNU or Net Nitrogen Utilization, which is why there is no burden on your kidneys or liver like other proteins. This is because the liver and kidneys do not have to clear catabolic waste that comes with the digestion of common dietary protein.
- Master Amino Complex has over 30 clinical studies published on its uses and is listed in the *Physicians Desk Reference* (under Master Amino Acid Pattern)
- Master Amino Complex is protected by 27 international patents and available in North America. (US Patent no. 5,132,113)
- There have been 8 years of field trials on the Master Amino Complex
- 18 years clinical trials: Master Amino Complex was first used for patients with stomach removed because of cancer. Then, elderly patients were given it for nutrition and recovery of lean tissue. Now, the terminally ill are also given Master Amino Complex to improve their quality of life.

- Medical doctors use Master Amino Complex to maximize protein utilization and minimize the negative effects of protein diets.
- Olympic athletes and fitness buffs around the world use the Master Amino Complex.
- Master Amino Complex is also used by the **Vatican** (through its Caritas foundation) to treat malnutrition & the effects of starvation in developing countries.
- Master Amino Complex is an all-natural way to build muscle mass, it also maximizes strength & endurance, minimizes body fat, and reduces recovery time.
- The Master Amino Complex formulation can be used for different purposes; as nutrition for people who need more and better protein, as part of a weight control program, for strength building, and as a muscle mass enhancement.

The Food and Drug Administration have not evaluated these statements. This product is not intended to diagnose, treat, cure, or prevent any disease.

In today's competitive world, athletes are under intense pressure to perform at their best and to win "at all costs." Unfortunately, that can be a very dangerous attitude for both young developing bodies and established athletes alike. Especially when the desire to excel leads to the use of performance enhancing drugs, stimulants and even excessive or obsessive workout sessions.

Thankfully, nature provides us with effective and powerful alternatives to these dangerous and often illegal practices. These all-natural alternatives are even more important if you take the body's future into consideration. Compare the long-term muscle fitness and health building effect of whole food and herbal products versus the well documented health issues often associated with PES's (Performance Enhancing Substances) and the choice becomes clearer. Take the most proven and effective natural choices for enhancing performance - without breaking rules, laws, or endangering your body!
